

Create/Print Vision Membership Card

If you have enrolled in vision insurance through MetLife, you will not be issued a membership ID card.

A membership ID card is not necessary when seeing a service provider.

To confirm vision insurance, **members only need to present the SSN of the policy holder to any service provider.**

If a member would like to print out a generic ID card, they may do so with their MyBenefits account at <https://mybenefits.metlife.com/>.
