

Positive COVID-19 Cases in Chelmsford Public Schools

The data in the table below represents the number of positive COVID-19 cases involving students and staff in the Chelmsford Public Schools during the reporting period specified. This information is reported to the Massachusetts Department of Elementary and Secondary Education (DESE) in the aggregate, however has been listed by school in the table below.

Please note the following definitions:

1. Reported positive cases for students: Number of reported positive cases for students who are learning in hybrid or in-person learning models only (excludes students learning in fully remote learning models and students not in the school building during the 48 hours prior to a confirmed positive case).
2. Reported positive cases for staff: Number of reported positive cases for district staff members who have been in a school building (excludes staff that have not been in the school building (i.e. staff working remotely) and staff not in the school building during the 48 hours prior to a confirmed positive case).

A weekly report will be posted each Thursday.

School	Number of in-person / hybrid STUDENTS with confirmed positive cases and building access from 4/29 to 5/5	Number of district STAFF with confirmed positive cases and building access from 4/29 to 5/5
CHIPs Integrated Pre-School	0	0
