Welcome to the Chelmsford High School Performing Arts Center and McCarthy Middle School Auditorium!

Between the brand new, state-of-the-art Performing Arts Center at the High School and the intimacy of McCarthy Middle School's smaller auditorium, we have the ability to accommodate your event with ease and comfort. We are pleased you are considering our facilities for your event and would like to thank you in advance for your patronage.

This handbook has been compiled to be a useful resource for you and your organization as you proceed with planning your event or activity. Whether you are a group from within the school district, within the Chelmsford community, or from the surrounding communities, all of the information you will need is contained on the pages that follow.

Fall 2007 marked the grand opening of the brand new 1,000 seat state-of-the-art Performing Arts Center at Chelmsford High School. Outfitted with plenty of space for large groups of performers and even larger audiences this new theatre's proscenium stage configuration, full-size orchestra pit, and lighting and sound equipment can and will house the most spectacular events.

For smaller, more intimate performances McCarthy Middle School's auditorium is still the place to be. Certain events with smaller expected audiences will get lost in the bigger space, so when appropriate we will recommend McCarthy as a way to provide the spectator with the best possible experience while maintaining the big-stage feel for the performers.

Management of the Chelmsford High School Performing Arts Center and McCarthy Middle School auditorium is the responsibility of a two-member operations team comprised of:

Auditorium Manager & Technical Director

This team is supported by the following critical personnel:

Head Custodians-The Head Custodians at Chelmsford High School and McCarthy Middle School are responsible for coordinating all custodial services associated with auditorium events.

Night Custodians-Night custodians will serve as resource persons to the coordinators of auditorium events. The need for custodial overtime or additional custodial services is coordinated at the time of the signing of the contract.

Technicians-A team of student technicians will be assigned to all events requiring technical support during the performance, i.e. lighting, sound, etc. The technicians will receive technical training through the Chelmsford High School curriculum. The technicians will be managed by the Technical Director.

Overall Supervision-The Fine & Performing Arts Curriculum Coordinator serves as the supervisor of the auditorium operations team.
