February 2, 2021

Chelmsford Public Schools General Fund Operating Budget Overview

The Massachusetts Department of Elementary and Secondary Education (DESE) tracks budgeted and actual spending in districts from year to year. DESE's most recently published actual figures are for FY2019, which ended June 30, 2019. From the reported and audited actual figures for each district, DESE determines each district's compliance with its net school spending obligation in dollars and in percentage of required spending. DESE annually publishes required net school spending and actual net school spending for each district in Massachusetts. In FY2019, 8 districts spent less than their required net school spending as computed by DESE; 2 districts met their required net school spending; 310 districts exceeded their required net school spending. Chelmsford exceeded its required net school spending by 36.5% in FY2019, which is above the state median value of 26.2%. Across the state, 179 communities spent less than Chelmsford, whereas 140 communities spent more than Chelmsford as a percentage of total spending in excess of required net school spending, as illustrated in the graph below.

What Is Net School Spending?

The Massachusetts school finance statute, Chapter 70 of the General Laws, establishes an annual net school spending requirement for each school district. Net school spending includes each town school department's general fund expenditures (operating budget) as well as the

town's direct spending for schools, but it excludes capital expenditures, transportation, grants, and revolving funds. Required net school spending is the annual *minimum* that must be spent on schools, including carryover from previous years. As stated previously, Chelmsford exceeded its required net school spending requirement by 36.5% in FY2019 and in FY2020 is budgeted to exceed its required net school spending requirement by 34.9%.

To determine net school spending for the upcoming school year, the state uses school department enrollment data as of October 1 of the current school year (i.e., the October 1, 2020 student headcount is the basis for determining the FY2022 foundation budget and net school spending requirement). This is called foundation enrollment and is used to calculate the district's foundation budget. The foundation budget is the state's estimate of the *minimum* funding level needed in each district to provide an adequate educational program.

Massachusetts uses a complex formula that considers many factors, including each district's grade-level configuration, programs, and demographics. The formula also considers each community's relative wealth and determines each community's "required local contribution" toward the educational program.

Comparable Community Analysis: Demographic Data

Although it is important to compare Chelmsford to the state average with regard to spending and academic performance, it is also necessary to assess Chelmsford's academic performance with its most comparable peer communities across the state. Table I provides general demographic data for Chelmsford and its ten most comparable districts as determined by DESE.

District	Total Enrollment	Econ. Dis. (%)	SWD (%)	ELL (%)
Arlington	6,047	7.9	15.9	4.8
Burlington	3,509	12.7	13.9	4.8
Chelmsford	5,021	12.9	16.3	4.2
Mansfield	3,651	14.2	16.3	1.9
Melrose	3,977	10.9	15.1	4.9
Natick	5,529	9.3	15.4	3.4
North Andover	4,667	16.0	15.9	2.2
North Attleborough	4,155	17.9	16.7	3.8
Shrewsbury	6,268	11.4	14.8	2.9
Wakefield	3,485	12.6	15.9	2.5
Walpole	3,679	10.6	146	3.6

Table I. DESE Comparable Districts: General Demographic Data

With regard to the number of economically disadvantaged students enrolled, Chelmsford falls in the bottom half of its most comparable districts. Seven districts have a higher percentage of students and three districts have a lower percentage of students designated economically disadvantaged. Some 12.9% of all Chelmsford Public School students are identified as economically disadvantaged. This is an increase from just a few years ago (2014-15) when 8.2% of all Chelmsford Public School students were identified as economically disadvantaged.

With respect to the number of students identified with disabilities (SWD), Chelmsford falls in the top half of its most comparable districts. Of all Chelmsford Public School students, 16.3% have disabilities and require special education services, as outlined in their Individual Education Plan (IEP). Eight districts have a lower percentage of students and two districts have a higher percentage of students identified with disabilities.

The percentage of students classified as English language learners (ELL) in the Chelmsford Public Schools is higher than seven, and less than three of its ten most comparable communities. In Chelmsford, 4.2% of all students are classified as ELL.

Comparable Community Analysis: Financial Support

Within the last few years, DESE has tried to make district and school demographic and performance data more accessible to district staff and the general public. The District Analysis and Review Tools (DARTs) provided by DESE allow users to track and analyze data over time to make comparisons to state and comparable districts. The DARTs select the ten most comparable school districts in the state based on student enrollment characteristics, special populations, and grade-span groupings (i.e., K–12, elementary, secondary). Grade-span groupings are an important point of comparison because districts are often compared with their neighbors based solely on geography. However, a district's comparison to similar districts across the state is often more valuable when balancing programs and services against level of spending and student achievement.

Table II highlights actual net school spending in FY2019 as a percentage of required net school spending for the ten most comparable districts to Chelmsford, as determined by DESE.

District	FY2019 Actual % of Required NSS
Burlington	86.1
Wakefield	39.5
Natick	38.2
Chelmsford	36.5
Walpole	36.0
Arlington	31.5
MA State	26.2
Mansfield	23.1
North Andover	18.6
Shrewsbury	16.3
North Attleborough	11.9
Melrose	3.00

Table II. DESE Comparable Districts: Actual Percentage of Required Net School Spending

Table II shows that seven comparable districts—Wakefield, Arlington, Mansfield, North Andover, Shrewsbury, North Attleborough and Melrose—spent less than Chelmsford in FY2019 as a percentage in excess of the district's required net school spending. Three comparable districts—Burlington, Wakefield, and Natick—spent more than Chelmsford in FY2019 as a percentage in excess of the district's required net school spending. In addition to the ten comparable districts as determined by DESE, the FY2019 state median is listed at 26.2% as a percentage in excess of required net school spending.

DARTs also analyze other aspects of comparable districts, including staff-to-student ratios. DESE reports the most recent staff-to-student data for FY2020, which ended June 30, 2020. Table III presents the overall student-teacher ratio in Chelmsford, its ten most comparable districts as determined by DESE, and the state average.

District	Student : Teacher Ratio
Burlington	11.3 : 1
Mansfield	12.1 : 1
MA State	12.6 : 1
Walpole	12.7 : 1
Natick	12.8 : 1
Wakefield	13.2 : 1
Chelmsford	13.7 : 1
Arlington	13.8 : 1
Melrose	14.5 : 1
North Attleborough	14.6 : 1
North Andover	14.8:1
Shrewsbury	15.0 : 1

Table III shows that among its most comparable districts in the state, Chelmsford's studentteacher ratio is better than five of its peer communities (Arlington, Melrose, North Attleborough, North Andover, and Shrewsbury). However, five of its peer communities (Burlington, Mansfield, Walpole, Natick, and Wakefield) have a better student-teacher ratio than Chelmsford. The average student-teacher ratio among all Massachusetts school districts is also lower than Chelmsford's. Even though Chelmsford has had an enrollment decline of 487 students in its foundation enrollment between FY2008 and FY2020, its current student-teacher ratio is still higher than the state average.

The student-teacher ratio is helpful for gauging a district's overall standing with regard to its comparable communities, but it does not give a true picture of the district's student-teacher ratio. This calculation takes all students reported on the October 1 headcount and divides them by the number of teachers in the district. The ratio does not consider special programs with lower-than-average class size (i.e., self-contained special education programs). At the regular meeting of the Chelmsford School Committee on January 5, 2021, grade-by-grade breakdowns of student enrollment at each elementary and middle school in the district were reported. These figures are more useful for budgeting purposes because they depict actual homeroom class size. The October 1, 2020 student enrollment report is included as Appendix A.

Another measure commonly referred to when reviewing spending among school districts is average teacher salaries. Table IV lists the data for each comparable district and the state. These data show that Chelmsford's average teacher salary is higher than two of its peer communities (Arlington and Melrose) and lower than eight peer communities (Burlington, Mansfield, Wakefield, North Andover, North Attleborough, Walpole, Natick, and Shrewsbury). The average teacher salary for all school districts in the state is higher than Chelmsford's average.

District	Av	Average Teacher Salary			
Burlington	\$	99,625			
Mansfield	\$	87,993			
Wakefield	\$	82,174			
North Andover	\$	81,744			
MA State	\$	81,496			
North Attleborough	\$	80,537			
Walpole	\$	80,324			
Natick	\$	80,247			
Shrewsbury	\$	79,814			
Chelmsford	\$	79,696			
Arlington	\$	74,792			
Melrose	\$	67,636			

Table IV. DESE Comparable Districts: FY2019 Average Teacher Salary

Another measure often used to compare districts is the amount of money spent to educate each student in the district, often referred to as the per-pupil expenditure. This cumulative figure includes all district expenditures on administration; instructional leadership; teachers; teaching services; professional development; instructional materials and equipment (including technology); guidance, counseling, and testing services; pupil services; operations and maintenance; and employee benefits. Table V presents the FY2019 in-district per-pupil expenditure for each of Chelmsford's comparable districts.

Table V. DESE Comparable Districts: FY2019 Per-Pupil Expenditures

District	Per	-Pupil Expenditure
Burlington	\$	20,129
MA State	\$	16,618
Mansfield	\$	16,555
Walpole	\$	15,690
Wakefield	\$	15,281
Natick	\$	15,193
Chelmsford	\$	14,477
Arlington	\$	13,627
Shrewsbury	\$	13,540
North Attleborough	\$	13,406
North Andover	\$	13,172
Melrose	\$	11,771

DESE provides the per-pupil expenditures for in-district students. As Table V shows, five of our comparable districts (Burlington, Mansfield, Walpole, Wakefield, and Natick) spent more overall per pupil than Chelmsford, and five comparable districts (Arlington, Shrewsbury, North Attleborough, North Andover, and Melrose) spent less. The median per-pupil expenditure for all districts in the state is \$2,141 higher than Chelmsford.

Comparable Community Analysis: Academic Performance

Given this analysis of financial conditions affecting the Chelmsford Public Schools and its comparable districts across the state, it is clear that Chelmsford is using its resources to provide an exceptional education to its 5,000 students. Academically, students in the Chelmsford Public Schools outperform their counterparts across the state. To illustrate the academic impact of the funding available for students, I provide the following analysis.

During the spring of 2019, districts across the state participated in the computer-based Next-Generation MCAS assessment. Students in grades 3 – 8 were assessed in English language arts (ELA) and mathematics. Students in Grade 5 and 8 were also assessed in science, technology and engineering (STE). Chelmsford High School students in Grade 10 were assessed in English language arts (ELA) and mathematics. I will report on how Chelmsford performed in relation to our most comparable communities and students statewide on the 2019 MCAS exam.

Table VI outlines the performance of fifth and eighth-grade students enrolled in the Chelmsford Public Schools on the 2019 science, technology and engineering MCAS exam with respect to our comparable districts and students statewide.

District	Gr 5-8 Science % meet / exceed expectations
Arlington	69%
Chelmsford	65%
Walpole	65%
North Attleborough	64%
Shrewsbury	63%
Melrose	61%
Natick	61%
Burlington	55%
Mansfield	54%
North Andover	53%
Wakefield	50%
MA State	48%

Table VI. Grades 5 – 8 Science Performance

At the fifth and eighth-grade levels, 65% of all Chelmsford students attained a score in either the Meets or Exceeds Expectations category on the 2019 science (science, technology and engineering) MCAS exam. Chelmsford students outperformed their peers in nine of the most comparable communities (Walpole, North Attleborough, Shrewsbury, Melrose, Natick, Burlington, Mansfield, North Andover, and Wakefield). Only one comparable community (Arlington) outperformed Chelmsford. Chelmsford students also significantly exceeded the state average (48%) of all fifth and eighth-grade students.

Table VII outlines the performance of tenth-grade students enrolled in the Chelmsford Public Schools on the 2019 English language arts MCAS exam with respect to our comparable districts and students statewide.

District	Gr 10 ELA % meet/ exceed expectations
Chelmsford	81%
Arlington	80%
Shrewsbury	79%
Marshfield	78%
North Attleborough	78%
Natick	77%
Melrose	76%
North Andover	75%
Wakefield	70%
Walpole	67%
Burlington	64%
MA State	61%

Table VII. Grade 10 English Language Arts Performance

As shown in Table VII, 81% of all Chelmsford students attained a score in either the Meets or Exceeds Expectations category on the 2019 English language arts MCAS exam. Chelmsford outperformed its ten comparable communities (Arlington, Shrewsbury, Mansfield, North Attleborough, Natick, Melrose, North Andover, Wakefield, Walpole, and Burlington) on the tenth-grade English language arts exam and far exceeded the percentage of tenth-grade students across the state (61%) who attained a score in either the Meets or Exceeds Expectations category on the English language arts exam. Table VIII outlines the performance of tenth-grade students enrolled in the Chelmsford Public Schools on the 2019 mathematics MCAS exam with respect to our comparable districts and students statewide.

District	Gr 10 Math % meet / exceed expectations			
Chelmsford	80%			
Arlington	80%			
Shrewsbury	80%			
Natick	79%			
Mansfield	78%			
North Attleborough	77%			
North Andover	71%			
Melrose	68%			
Wakefield	68%			
Burlington	64%			
Walpole	62%			
MA State	59%			

Table VIII. Grade 10 Mathematics Performance

As Table VIII shows, 80% of all tenth-grade Chelmsford students attained a score in either the Meets or Exceeds Expectations category on the 2019 mathematics MCAS exam. Students in two of our comparable districts (Arlington and Shrewsbury) tied our performance, with 80% of their tenth-grade students attaining a score in either the Meets or Exceeds Expectations category on the mathematics MCAS exam. Chelmsford outperformed eight comparable communities (Natick, Mansfield, North Attleborough, North Andover, Melrose, Wakefield, Burlington, and Walpole) on the tenth-grade mathematics MCAS exam, and far exceeded the percentage of tenth-graders across the state (59%) who attained a score in either the Meets or Exceeds Expectations category on the mathematics exam.

Conclusion

The Chelmsford Public School District provides an exceptional education to the students entrusted to our care. The district effectively uses the resources appropriated annually by Town Meeting to serve the needs of an ever-diversifying student population. Although Chelmsford exceeds minimum net school spending on public education, and spends slightly more than the state average of district spending above net school spending, Chelmsford spends \$ 2,141 less per-pupil than the state median per-pupil expenditure statewide. In Chelmsford, average teacher salaries are lower and student-teacher ratios are higher than the state average, but they are in the mid-range of comparable districts. Per-pupil spending is lower than the state average but in the mid-range of per-pupil spending in comparable districts.

Additional funding would enhance the educational experience of Chelmsford students, but the programs and services currently provided yield exceptional results, as demonstrated by standardized testing measures. Overall, our students' academic achievement makes it clear that the town of Chelmsford is receiving a positive return on its investment in public education. Chelmsford's students are also involved in athletics, community service, and fine and performing arts, thereby fulfilling the roles of productive and valued members of the community.

FY2022 Budget Overview

Several budget assumptions underlie the FY2022 budget. The town manager has included a \$ 3.3 million increase in funding for the Chelmsford Public Schools, an increase from \$ 61.6 million to \$ 65 million in the Town of Chelmsford FY2022 general operating budget. Following is a list of the assumptions that have been incorporated in the FY2022 superintendent's recommended "level service" budget.

- All FY2022 salaries have been increased in accordance with the applicable collective bargaining and individual employment agreements. "Step" increases and "lane changes" have been incorporated in the FY2022 recommended budget figures. Anticipated teacher vacancies from announced retirements have been budgeted at \$62,872 (Step 3 on the master's degree salary schedule).
- The FY2022 budget includes funding to support a tutoring support service model at the elementary and middle school levels to augment grant funding that supports interventionist positions providing small group, Tier II, instruction to students identified in need of targeted academic interventions and academic supports.
- The FY2022 budget further supports families and students in a few significant ways:
 - Funding for the third year of implementation of the 1:1 computer initiative is incorporated to provide all incoming 5th grade students at McCarthy and Parker Middle Schools and 9th grade students at Chelmsford High School with a districtprovided computer (Chromebook) for use at home and in school.

 Funding to support a reduction in student activity and club fees has been incorporated in the FY2022 budget. A reduction from \$ 100/year to \$ 50/year is proposed at Chelmsford High School. The student activity and club fees at McCarthy and Parker Middle Schools is currently \$ 50/year.

The FY2022 superintendent's recommended budget continues to include Circuit Breaker, School Choice, and the CHIPs Revolving Fund as revenue offsets in support of the Chelmsford Public Schools.

The superintendent's recommended FY2022 budget was crafted in support of the district's academic and social emotional goals and initiatives that have been and will continue to be the focus of our collective work in the years to come.

On January 25, 2021, Town Manager Cohen released his recommended FY2022 budget for the Town of Chelmsford. Included in his recommended budget is a \$ 3.3 million increase, \$ 61.6 million to \$ 65 million, to support the Chelmsford Public Schools. I will be working closely with the schools on enrollment projections, especially the middle schools and high school, as they complete their course registration and selection process for 2021/22. I look forward to working with the school committee to review and present to town meeting an FY2022 local operating budget for the Chelmsford Public Schools that not only maintains the integrity of the programs and services we offer, but continues to align our available resources to meet the identified district goals and objectives for the 2021/22 school year.

Yours truly,

lapharo

Jay Lang, Ed.D. Superintendent of Schools

Total 3510 ATHLETIC DEPARTMENT	\$	652,897	\$ 762,089	3.4	\$ 660,502	3.4	\$ 886,857

Notes:

The projected student athletic participation fees and estimated revenue from athletic contests (gate receipts) is included as an offset to the Athletic Department budget to provide a more complete picture of the overall operating costs associated with the Chelmsford High School interscholastic athletic program. A significant decline in gate receipts due to the pandemic, coupled with the need to draw down the athletic revolving fund due to less student partipation/user fees, has resulted in the need to reduce the anticipated athletic fees and gate receipts in FY22.

5150 EMPLOYEE SEPARATION CO	DSTS
------------------------------------	------

RETIREMENT INCENTIVE/SICK LEAVE BUY-BACK	\$	80,672 \$	357,415	-	\$ 42,926	-	\$ 264,556
Total Personnel	\$	80,672 \$	357,415	0.0	\$ 42,926	0.0	\$ 264,556
	-						
Total 5150 EMPLOYEES SEPARATION COSTS	\$	80,672 \$	357,415	0.0	\$ 42,926	0.0	\$ 264,556

Notes:

Originally budgeted employee separation costs in FY21 were paid with surplus FY20 funds. The "retirement incentive/sick-leave buy-back" account has been restored in FY22.

	FY2019 ACTUAL	FY2020 ACTUAL	FY21 FPE	FY2021 BUDGET	FY22 FPE	FY2022 BUDGET
6200 CIVIC ACTIVITIES						
CIVIC ACTIVITIES & COMMUNITY SERVICES	\$ -	\$ 93,800	-	\$ -	-	\$ -
Total Personnel	\$ -	\$ 93,800	0.0	\$ -	0.0	\$ -
Total 6200 CIVIC ACTIVITIES COSTS	\$ -	\$ 93,800	0.0	\$ -	0.0	\$ -

Notes:

In FY20, the "civic activities and community services" line item funded the bond principal and interest payments for the two turf fields (Chelmsford High School and McCarthy Middle School). These annual payments are typically funded by the Turf Field Revolving Fund (518), however in FY20 the spring rentals of the turf fields were not possible due to COVID 19 pandemic restrictions. This allowed the turf field revolving fund reserve to build should the rentals of the turf fields be postponed and/or reduced in FY21.

Student Enrollment Summary

CHELMSFORD PUBLIC SCHOOLS

Jay Lang, Ed.D., Superintendent

Memorandum

To:	Members of the School Committee
From:	Jay Lang, Ed.D., Superintendent of Schools
Date:	January 2, 2021
Re:	October 1, 2020 Student Enrollment Report

We supplied the Massachusetts Department of Elementary and Secondary Education (DESE) with our October 1, 2020 student enrollment data which is in the process of being certified by DESE. This enrollment information, once certified, forms the basis for the FY22 Chapter 70 state aid calculation. Based on the data supplied to DESE, I have prepared the attached spreadsheet displaying the overall district enrollment by grade level in the top section of the report and then further breakdown the enrollment by grade and school below in the sections that follow. For each of the elementary and middle schools I have incorporated the number of mainstream homerooms into the spreadsheet to produce an average class size for grades 1 through 8. I am working with Chelmsford High School to review the individual class rosters to produce a similar class size report for review with the upcoming FY22 budget deliberations.

It is difficult to draw conclusions this year due to the artificially lower enrollment than in a normal school year. We have had a number of students unenroll this year due to the COVID 19 pandemic as families have either sought private or parochial school options for their child(ren), elected to homeschool, or deferred enrollment (in the case of Kindergarten students) to the 2021/22 school year. Overall, we enrolled and reported 193 less students in the current 2020/21 school year than we enrolled and reported last year in the 2019/20 school year. What effect this will have on FY22 Chapter 70 and other state aid remains to be seen. This is not a situation unique to Chelmsford, it is anticipated the state will invoke a "hold harmless" provision regarding state education aid, ultimately providing no less than the amount of state aid in FY22 as districts received in FY21. We are watching this closely as we develop the FY22 recommended budget.

FY20 Budget Assumptions:

CHS Student Activity Fee was reduced from \$ 125 to \$ 100 annually

McCarthy and Parker Middle School Student Activity Fees are reduced from \$ 100 to \$ 75 annually

The costs associated with the late bus runs are fully funded in the Transporation (3300) section of the budget

FY20 Actuals: Offset of 88,036 to local budget due to uncertainty with projecting participation in clubs in FY21

FY21 Budget Assumptions:

CHS Student Activity Fee to remain at \$ 100 annually McCarthy and Parker Middle School Student Activity Fees are reduced from \$ 75 to \$ 50 annually The costs associate with the late bus runs remain fully funded in the Transporation (3300) section of the budget

FY22 Proposed Budget Assumptions:

CHS Student Activity Fee was reduced from \$100 to \$50 annually McCarthy and Parker Middle School Student Activity Fees to remain at \$50 annually The costs associate with the late bus runs remain fully funded in the Transporation (3300) section of the budget
