# From the Director

As we begin our Fall 2021 session, we are excited to return to in-person programming and are offering a diverse collection of courses. We provide a balance of programs to support academic, social and physical growth. We strive to meet the interests of all of our patrons. The goal of Community Education has always been to bring people together, and now more than ever we are committed to that mission.

As a community we have supported each other from afar during the pandemic and we are now able to foster safe learning spaces where people can come together and reconnect in person. We will continue to adjust our COVID policies to mirror the recommendations of the Chelmsford Public Schools, and the most current information.

We rely on feedback from our Community. Please reach out to us if there are courses you would like to see offered in the future or if you have a special knowledge or skill that you would like to share.

For more information, please visit our website at [ChelmsfordCommunityEd.com](http://ChelmsfordCommunityEd.com), or call us at 978-251-5151.

## Social Skills

Give your child a strong foundation in social graces, dining etiquette and interpersonal skills. Our goal is to empower them with confidence and propel them towards personal and professional success. Communication is the most important key to leadership success. However, research shows that in today's age of social media, with a decrease of face-to-face conversations, interpersonal skills are on the decline. A person who has well refined social skills conveys confidence. This can create an appealing differentiator that sets himself or herself apart.

### Children's Dining Etiquette Workshop

Want to take your school aged children out to eat with you at a fine dining or a large social event but you're a little afraid how they might behave? This workshop is designed to teach them how to conduct themselves in any setting.

Topics include approaching and seating at the table, understanding the place setting, appropriate table conversation, how to correctly hold silverware and so much more!

**Location:** CHS Staff Dining Room **Grades:** 2-7

**Instructor:** Nikki Sawhney

Thursday, October 7, 6:00-7:30pm, \$65

## Children's Social Skills Workshop

Children are the leaders of tomorrow. Help them to feel self-reliant and confident in any social situation with this workshop. The skills learned in this workshop will help them succeed in school, socially, and later professionally which will set them apart as they navigate the social pressures of life. Topics include: the importance of greeting others, eye contact, making appropriate conversation, proper telephone etiquette, and so much more!

**Location:** CHS Staff Dining Room **Grades:** 2-7  
**Instructor:** Nikki Sawhney

Thursday, October 28, 6:30-8:00pm, \$60

## Teen Social Skills Workshop

Give your teenager the lifelong gift of courtesy, resilience, and good manners with this workshop aimed to empower them to become confident, independent, and respectful adults who will move through life with poise and grace.

Topics include: the importance of greeting others, self-respect and respect for others, making appropriate conversation, email, text and social media etiquette, and so much more!

**Location:** CHS Staff Dining Room **Grades:** 8-12  
**Instructor:** Nikki Sawhney

Tuesday, November 16, 7:30-9:00pm, \$60

## Children's Dining Prep for the Holidays Workshop

Holidays are a stressful time of year and we can all use a little help to brush up on our etiquette, especially children. In this 60-minute workshop your child will learn to convey confidence, courtesy, and be self-reliant in any social or dining situation.

Topics Include using please and thank you, passing food at the table, how to correctly hold silverware, American and continental styles of dining, and so much more!

## Royal Icing Flowers & Basketweave in Buttercream

In this course you will learn how to make 2 kinds of icing, Buttercream and Royal Icing, and learn how to change the consistencies depending on the application. You'll learn bag positions and pressure control. Students will also be taught how to use it for the technique of Brush Embroidery. Royal Icing is the ideal medium to construct gingerbread houses because it dries quickly. It can be piped directly onto fondant for a very finished look. You will learn color principles so that your desserts are very complimentary. We will create cornelli lace, brush embroidery, petals, and blossoms, including rosebuds, half roses, and the full rose. Stems, leaves, violet leaves, pansies, violets, lilies, and poinsettias will also be shown. Royal icing flowers can be made in advance and stored for several months until you are ready to use them. We will talk about the principles of floral cake design relating to proportion, form, and balance. In the last class, you will design a cake incorporating the beautiful art of basketweave in addition to adding your own royal icing flowers.

### Beer Making: Home Brewing Intro

This course is a compilation of facts, techniques, methods, and examples resulting from many years of brewing experience. If you like lagers or ales, anything from pale to pilsners, saison to stout, and like the idea of producing something you will love to drink – this course is for you. The course presumes no prior experience, but even if you are a seasoned brewer – there will be content to interest and intrigue. Everyone will receive a kit to brew a SMaSH IPA at home, and we will preview and practice the techniques involved during the first two classes. There will be plenty of time for questions and discussion while things are cooking in the kitchen along with guidance on equipment and supplies to brew your own beer at home.

### Fact From Fiction: The Truth About Weight Loss

If you are a man with a waist bigger than 40 inches or a woman with a waist bigger than 34.5 inches, you are probably insulin resistant and, for you, losing weight is almost impossible. If somehow you do lose weight, it is almost impossible to keep it off. Insulin resistance is the primary cause of the American obesity epidemic. It is also the primary cause of Type II diabetes, cholesterol, blood pressure and heart attacks. This program explains exactly what insulin resistance is and how to turn it around in three to four weeks. Once this is done, weight peels off and will stay off. We discuss size vs. fitness and body weight vs. body fat.

### The 4 Secrets to Thriving after a Breakup or Toxic Relationship

Discover why NOW is the perfect time for reflection and personal growth around relationships, and HOW you can take massive action towards happiness in these areas. The commonly believed misconception about the phrase "time heals all wounds" encourages people to just HOPE they will someday feel better and have the relationship of their dreams. This is not the reality. The reality is that we must CREATE the relationships we desire through processing our relationship trauma and better understanding ourselves and our patterns.

This course will challenge you to do more than just talk about problems, or move on from relationships for the sake of entering a new one, but rather, to TAKE ACTION in the first steps of healing and personal growth.

# CHILDCARE

## FULLDAY

### PRESCHOOL

The Lion's Pride Preschool/Pre-K and Toddler Care Program offers a full day classroom experience for children. Our certified teachers come to our program with years of experience allowing them to offer a hands-on, theme-based curriculum with ease.

The Lion's Pride program offers care for children ranging from 18 months until the child is eligible for kindergarten. We are a small program that offers a comfortable family style feeling, while maintaining the standards and security of a school setting. The children are split into age appropriate classrooms: toddlers, three and four-year old children. This allows for specialized curriculum time that is age appropriate. Our days are packed with exciting activities and experiences which allow the children to grow and develop at their own pace.

Our classrooms are filled with learning centers and opportunities for the children to soar academically. With our state-of-the-art materials we are able to exceed the recommendations offered by the MA Preschool Curriculum Guideline. Children work in small groups with the teacher on a daily basis to achieve maximum development. The children in our rooms have separate areas for creative play, building & construction, circle time, writing, math & science exploration, art and music, and sensory play. We also include a weekly visit from our music teacher. Our Toddler classrooms offer a large space with an abundance of toys to allow our youngest students to play and explore. We provide areas for gross motor, fine motor and art within the classroom. The teachers work with each child to help them reach his/her personal developmental milestones. This classroom is filled with hugs, smiles and laughter.

Our Preschool Classroom recognizes that three-year old children are in a year of transition. They are seeking independence while still dependent on adult reassurance. Special focus on social skills is built into our plans. We provide daily activities to encourage social development and confidence, while providing safe boundaries. Our preschool curriculum is built around introduction of the alphabet. Each week is packed with exciting activities based on the letter of the week.

The Wrap Around Classroom is an integrated, mixed aged classroom for 3 and 4-year olds. This classroom focuses on social skills, as well as academic development centered on weekly letter-based themes. The classroom introduces the students to Foundations curriculum at age appropriate levels, while reinforcing the alphabet and numbers for our younger learners. Any student who attends CHIPS and needs extended care will join this classroom, as well as students from our Preschool and Toddler 2 classroom.

Our Pre-K curriculum has been created around week-long themes. The teachers are able to look at each unit in depth and provide the maximum learning opportunities. We use the Foundations curriculum to introduce writing in the same way as the Chelmsford Public Schools. We also realize the tremendous value of learning through play. The Pre-K classroom offers ample play time and creative activities to reinforce social skills and foster independence.

Lion's Pride follows the Chelmsford Public School calendar. Our hours of operation are 7 AM until 3 PM. For more information, please call 978-251-5151. Enrollment for 2021-2022 is currently underway. Visit **ChelmsfordCommunityEd.com** for pricing.

Please Note: Due to the Covid 19 Pandemic, some classroom descriptions and curriculum may be altered as required based on state guidelines.
