## EXCHANGE OVERVIEW

An exchange program is a once-in-a-life time opportunity for students to truly explore, understand, and dive deep into another culture and language! As students fully immerse into the life of their host family and school, they'll experience a type of personal growth and empowerment that can only happen in this unique setting. Students not only travel but host their exchange partners resulting in a lifelong bond between both students and families.

## HOSTING A VISITING STUDENT

Your primary responsibility as a host family is to create a welcoming and safe environment for your visiting student. We encourage you to get to know your student and spend time with her/him both inside and outside the home. Visiting students look forward to learning about American culture and customs and practicing their English in daily life. In addition to providing three daily meals for their visiting student, families also provide transportation for the Spanish students between their homes and the school. Prior to hosting, you will receive a profile form with information about your student.

## SCHOOL EXCHANGE UNDERSTANDING

Your exchange is organized directly between your school and the partner school. Schools are responsible for the exchange program portion of the itinerary and for selecting and organizing host families. Forum is responsible for flight bookings, optional excursions not organized by the schools, insurance and collecting trip payments. In regard to the exchange partnership, Forum only serves to match the partner schools and advise the schools as they organize their program together. Forum cannot be held responsible for the components organized directly by the schools.

Teachers should agree beforehand what hosting arrangements will be made if the final number of students participating in the exchange differs between schools (e.g. additional host families are recruited, the number of students traveling is reduced to match the partner school). Forum cannot guarantee that schools will have the same number of participants traveling and, therefore, cannot be held responsible if the number of traveling students differs between schools.
