New Business

1. FY2026 Capital Planning & Prioritization

In tonight’s agenda packet Dr. Lang shared a memorandum and spread sheets with his updated recommendations for the FY2026 capital planning and prioritization. During Town Meeting the tennis court renovations at McCarthy were funded. Since the last Committee Meeting we learned that the South Row Roof Project will be partly funded through MSBA. Those two items have been removed from the list being discussed tonight. The “green tier” in tonight’s spreadsheet lists items needed for school safety. The items in the “blue tier” are structural. For the projects in these two tiers the total cost is \$2,804,045. The other items will be kept on the capital list but are deferred for funding at this time.

Ms. Santos moved to accept the proposed planning and prioritization schedule that has been presented tonight. Ms. Mackinnon seconded. Motion carries 5-0.

2. MSBA: Parker Middle School Enrollment Letter and Certification

Dr. Lang shared that The Town received an Enrollment Letter and Certification from the MSBA for the Parker Middle School project! This is key to moving forward with MSBA to replace the Parker Middle School. The three options are: a grades 5 and 6 middle school; a grade 4 through 6 middle school or a grade 5 through 8 middle school. Many documents required by MSBA were submitted this summer. A series of meetings will be held with MSBA to agree on enrollment for the new school. NESDEC completed an enrollment study this summer. MSBA did a separate study. MSBA recently gave us their final design enrollment. The next step is for us to sign the certification for the numbers which we agree to build to. These numbers will be worked into the Feasibility Study Agreement with MSBA which we will signed prior to the upcoming holidays. In January or February, the MSBA will extend their official invitation to the “Feasibility Study”. When that happens an OPM (project manager) and a designer will be hired. They will do most of their work over the summer. Community visioning sessions for The Town will be held in the fall of 2025 to discuss the three building options. In the fall of 2026 a ballot issue will determine if The Town will support the chosen initiative.

Ms. Santos moved to accept the presentation on the update to the project for a new school which include three proposals to potentially be presented to the certified design enrollments. Mr. Moses seconded. Motion carries 5-0.

3. MSBA Eligibility Period: Schedule of Deliverables

Dr. Lang included in tonight’s agenda packet a memorandum detailing the eight deliverables required by MSBA. All have been met already with the exception of the “Feasibility Study Agreement”. This will be executed through The Town and returned to MSBA. We should hear of acceptance by January or early February.

4. 2024/25 School Presentation Schedule

Dr. Lang included the presentation schedule for the schools to The Committee meetings this school year in the packet for tonight. This will begin with a presentation from South Row at our meeting next week.

5. Approval of Field Trip & Travel Requests

None tonight.

Reports

1. Liaison Reports

Ms. Lebeaux shared that South Row's PTO was pleased with the fund raising done at the "Pumpkin Fair". There are ongoing enrichment programs including author visits. Their Student Council this year includes 60 students!

Ms. Mackinnon added that The Friends of Music are very active with many new members and well-attended meetings. They have a new funding plan for enrichment and scholarships. They are looking for ways to involve the entire community going forward.

Ms. Santos attended The Council of Schools meeting along with Dr. Lang and Dr. Hirsch. The meeting was well-run with important content discussed. All the PTO's were represented at the meeting. Katie Greer will be presenting for the community and school families in January. She specializes in social media and online presence. The Council of Schools have a full board currently. Certain of their programs may be shared by all the school PTO's.

Action/New Items

Ms. Lebeaux attended the MASC conference and represented Chelmsford as a voting delegate on the resolutions. All of the items The Committee supported were passed by the group.

Mr. King thanked The Town Meeting reps for approval of the two projects we supported: the McCarthy tennis court area and the South Row roof.

He stated that many Committee members want to have future conversations about cell phones. He would like to hear more about the focus for this. Ms. Lebeaux would like information on guidelines about AI and look at models from other districts. She wonders if the current school-by-school approaches on cell phone use is "sufficient". Dr. Lang shared that Bill Silver is part of an eight-person team who are participating in the focus group series on AI at MIT. Dr. Lang will ask him to keep us informed.

The TRI Board will meet on December 9th.

November has been designated as SEPAC Awareness Month!

Adjournment: 7:07 p.m.

Ms. Santos motioned to adjourn. Mr. Moses seconded. Motion carries 5-0.

***Respectfully submitted,
Sharon Giglio,
Recording Secretary***

Patrick stated that “Spirit Week” at CHS will kick off this Thursday with “pajama day and ending on Wednesday November 27th with the “pep rally”. The CHS Theatre Guild will present *Beauty and the Beast* this Thursday, Friday and Saturday at the PAC. The CHS Homecoming Dance will be held on Tuesday and is open to all grades. Also, on Tuesday the CHS “Powder Puff” football game will take place at the Simonian Stadium starting at 2:30 p.m.

Lana added that Thursday at 9:30 a.m. will be the signing day for athletes to sign up for D1, D2 and D3 levels of play. This will take place in the CHS gym. On Friday the CHS South Asian Student Association will host an event in the cafeteria. The Class of 2027 will hold a “lights” contest between the houses. Judging will be held the week of December 15th with winners being announced on December 20th. The kick off will happen on December 15th with free cookies and hot chocolate and dinner from “Heavenly Hot Dogs”. Contestants need to sign up in advance and pay a \$20 entrance fee.

Good News

Dr. Hirsch shared that 18 CHS students were chosen to participate in The Massachusetts Music Educator Association's auditions for the Northeast Senior District Music Ensembles! Several students also secured their “First Chair” for their musical instrument positions!

1. Spotlight on the Schools: South Row Elementary School

Terri Gilbert, Principal, Jayson Ramalho, Assistant Principal, joined the meeting with special education teacher, Allison Hevey and fourth grade teacher Amanda Kellerman to discuss how the “Push In” model is working at their school. Looking at students, staff and data the model is expanding each year at South Row. These teachers work together with the support of a paraeducator for one hour each day of reading and one hour each day of math. Several of the students with IEPs were previously in “pull out” classes but are now able to be integrated into this model. The slide show they included in tonight’s agenda packet provides background for the benefits of the model and well as “barriers”. Along with their presentation tonight it also provides details on how the program runs on a daily basis. Amanda described how Allison (the special educator) pushes in to Amanda’s fourth grade class and supports both SPED and GEN ED students. Allison spoke of the many benefits of this model for all the students involved. It also helps fourth graders to become familiar with working with multiple teachers which will be the model for them next year in middle school. Amanda added that Allison’s presence in the classroom enables her to observe students not only during academic time but also non-academic times. No one is pulled out of the classroom. Both reading and math are done in small group rotations within the classroom with both teachers alternating which groups they teach. Later in the day they may work on phonics or individualized lessons. Data is monitored and shows the benefits of this model. One of the barriers to this mode, among others, is the huge time commitment for the co-teachers and finding common planning time. Mr. Ramalho added that the “sense of belonging” in this classroom is good for students and staff as well. The Committee responded positively to tonight’s presentation and appreciate the panel’s answers to their direct questions. In order to fully appreciate it, please watch it in its entirety on Chelmsford Telemedia/YouTube.

2. FY2025 School Facility Work Order Summary: 1st Quarter (July – September 2024)

DPW Director Christine Clancy joined the meeting to share news on the first quarter work orders. 431 work orders were completed or generated during the first quarter with an 83% completion rate. Her slides in tonight’s agenda packet provide details broken down by both location and trade. It was a busy summer! The software will be upgraded soon to “Brightly Solutions” with staff training being held in January and ushering in the new software in the spring. She will report back to The Committee in January. Ms. Clancy stated that all systems have been checked and are operational for the upcoming cold weather! Dr. Lang thanked the DPW department for all the “excellent” work for the schools!

3. 2024/25 School Improvement Plan

Dr. Hirsch shared that tonight’s agenda packet contains the 2024/25 School Improvement Plans for all Chelmsford Public Schools. The plans are required each year by DESE. The plans are generated by each School Council, comprised of teachers, administrators, parents and a community member. The plan includes goals and action steps to align with the District’s Strategic Plan. There are many similarities in goals amongst schools at each of the levels, however the data differs. Some schools need to reach a higher growth than others depending on their iReady data.

4. Overview of Curriculum Adoption Process

Dr. Hirsch presented tonight on the process of adopting new curriculum. She reviewed the five stages of curriculum adoption: needs assessment; review of curriculum products; pilot implementation; evaluation and feedback; and final adoption. Assessing needs involves current student demographics and the

learning needs. Curriculum must be aligned with state standards. Gaps need to be filled when curriculum products are no longer supported by the vendor/publisher. Administration reviews vendor presentations making sure the standards and assessment needs will be met and carefully review materials for any existence of bias or ignoring facts that must be included. Piloting involves testing the effectiveness in classrooms and includes gen-ed teachers, sped teachers and administrators. Visiting other districts already using the curriculum is valuable, Collaboration of pilot teachers and also feedback from teachers and admin must be done to determine what is working and what is not. Final surveys as well as classroom observation is part of the feedback. Final adoption involves looking at all pilot data, aligning with district goals and what funding sources are available. The final decision is then communicated to teaching staff. Most importantly a multi-year PD must be in place. In her slides included in tonight's agenda packet is a link "k-12 Curriculum materials" for the district. Dr. Hirsch keeps a time line of what subject areas are next for new adoption. Concerning literacy there must be "evidence-based practices". *Ed Reports* and *CURATE* are both sources that review programs and rate curriculum using rubrics. Sometimes two products are adopted simultaneously because together they fully meet curricula needs but do not separately (Fountas and Pinnell is used with Foundations in Chelmsford for reading). Dr. Hirsch answered questions from members of The Committee. To fully appreciate Dr. Hirsch's entire presentation this evening, please view it on Chelmsford Telemedia YouTube.

5. Net School Spending Agreement – MA DESE EOYR Indirect Cost Allocation

Dr. Lang has included a memorandum and the agreement with The Town of Chelmsford for the net school spending. This details the municipal expenditures from The Town for The Chelmsford Public Schools. This agreement will be in effect for FY2025 - FY2028.

Ms. Santos moved to approve the Net School Spending Agreement Massachusetts DESE EOYR Indirect Cost Allocation for FY 2025 to FY 2028 as presented. Ms. Mackinnon seconded. Motion carries 5-0.

6. Personnel Report: October 2024

No action required.

7. Quarterly Reports on Valley Collaborative Business – FY2025 First Quarter

Ms. Santos moved to accept the quarterly report from the Valley Collaborative for FY2025 first quarter. Ms. Lebeaux seconded. Motion carries 5-0.

Reports

1. Liaison Reports

Ms. Lebeaux attended the McCarthy/Parker PTO meeting. Parker's pizza and pumpkin event was successful. In December they will walk to CHS for musical performances. McCarthy students had a positive experience at a Leadership Conference at SNHU.

Ms. Santos attended Center's PTO meeting and enjoyed the update on enrichment grade by grade. Book clubs are starting in the school library. The focus for all is on "showing kindness". December 9th -13th their "Winter Gift Room" will be open.

Ms. Mackinnon spent a full day today on working on a mission and vision statement for the Town's Strategic Planning Committee. "Education ranked high in what The Town is doing well!" Tomorrow the

staff for the town will meet to decide on goals and action steps for The Strategic Plan. Also, she attended the CHIPS PTO meeting last night. They raised over \$900 at Open House through a bake sale and raffles and the money will purchase new age appropriate educational toys for their students. Lots of enrichment programs as always! They are hoping to have music in December presented by the middle schools and CHS.

The Chair met with the Capital Committee last week. In December decisions will be made about which projects to adopt.

Action/New Items

Ms. Lebeaux would like to hear the district's reaction to the Educator Diversity Act newly passed by the State legislature. She would also like to discuss shifts to MCAS which will be in effect due to the recent ballot issue.

Adjournment: 8:00 p.m.

Ms. Santos motioned to adjourn. Ms. Lebeaux seconded. Motion carries 5-0.

Re: Final October 1, 2024 Student Enrollment & NESDEC Enrollment Projection

We supplied the Massachusetts Department of Elementary and Secondary Education (DESE) with our October 1, 2024 student enrollment data which has been certified by DESE. The in-district enrollment information, coupled with our out-of-district special education enrollment, forms the basis for our FY26 Chapter 70 state aid calculation. Attached please find our final enrollment figures certified by DESE for students enrolled and participating in-district as of October 1, 2024. I have also attached an updated enrollment projection performed by NESDEC. We update our student enrollment projections annually to assist with budget and facility planning.

In addition to the state SIMS Reports and NESDEC enrollment projection that I provide annually, I have provided summary documents from X2, our student database, on actual homeroom enrollment at the elementary, middle and high school levels. As elementary students do not switch classes, these are the class sizes at Byam, Center, Harrington and South Row Elementary Schools. As middle and high school students switch classes and follow a more course-based (rather than homeroom-based) schedule, I have provided the actual course section enrollments detailing the actual number of students enrolled in each course section at McCarthy, Parker and Chelmsford High School. I hope you find this information helpful as we look at student enrollment and class size in the district.

Enrollment Summary

NESDEC is pleased to send you this report displaying the past, present, and projected enrollments for your District. It is important to update enrollment projections every year to identify changes in enrollment patterns. Ten-year projections are designed to provide your District with yearly, up-to-date enrollment information that can be used by boards and administrators for effective planning and allocation of resources. We received the enrollment data from the District, and we assume that the method of collecting this data has been consistent from year to year.

Birth data informs Kindergarten enrollment. Each fall, NESDEC secures birth data from State sources, providing a snapshot in time as to actual and provisional births as reported by the State, and then uses this birth data to predict Kindergarten enrollments. We only use Fall birth data to assure consistency in reporting from year to year. Estimated births, which are an average of the previous five years of birth data, are based on this same snapshot. NESDEC acknowledges the variability of the provisional and the estimated birth data, and notes that the projected Kindergarten enrollments may serve as a guide to future planning.

Enrollment projections are more reliable in Years #1-3 in the future. Projections four to ten years out may serve as a guide to future enrollments and are useful for planning purposes. In light of this, NESDEC has added a "Spring Update Refresher" enrollment projection at no cost to affiliates. For more information, please refer to the Projection Methodology and Reliability section of this document.

The NESDEC enrollment projection fell within 76 students of the K-12 total, 4,986 students projected vs. 4,910 enrolled. One variance of 54 students occurred at Grades K-4, 1976 projected vs. 1,922 enrolled. Ratios have been adjusted.

Births increased by 18 from a previous ten-year average of 331 to a projected average of 349. In most districts, Grades 1-8 are very stable in enrollments. However, there have been increases in 6 of the most recent years, leading to a net increase averaging 28 students per year.

Over the next three years, Grades K-4 enrollments are projected to increase by 102 students, Grades 5-6 enrollments are projected to decrease by 7 students, Grades 7-8 enrollments are projected to increase by 16 students, and Grades 9-12 enrollments are projected to increase by 25 students, as students move through the grades.

New England's PK-12 Enrollments Trends

From 2022 to 2031, the US Department of Education anticipates changes in PK-12 enrollment of -1.8% in the South, -9.7% in the West, -5.0% in the Midwest, -9.1% in the Northeast, and a total of -5.5% nationwide.

Although most New England Districts are seeing a decline in the number of births, NESDEC's experience indicates that the impact on enrollment varies from District to District. Almost half of New England Districts have been growing in PK-12 enrollment, and a similar number are declining (often in rural areas), with the other Districts remaining stable.

Projection Methodology and Reliability

PROJECTION METHODOLOGY

Cohort component (survival) technique is a frequently used method of preparing enrollment forecasts. NESDEC uses this method, but modifies it in order to move away from forecasts that are wholly computer- or formula-driven. Such modification permits the incorporation of important, current district-specific demographic information into the generation of enrollment forecasts (such as in/out-migration of students, resident births, HUD-reported building permits, etc.). Percentages are calculated from the historical enrollment data to determine a reliable percentage of increase or decrease in enrollment between any two grades. For example, if 100 students enrolled in Grade 1 in 2023-24 increased to 104 students in Grade 2 in 2024-25, the percentage of survival would be 104%, or a ratio of 1.04. Ratios are calculated between each pair of grades or years in school over several recent years.

After study and analysis of the historical ratios, and based upon a reasonable set of assumptions regarding births, migration rates, retention rates, etc., ratios most indicative of future growth patterns are determined for each pair of grades. The ratios thus selected are applied to the present enrollment statistics to project into future years. The ratios are the key factors in the reliability of the projections, assuming validity of the data at the starting point.

RELIABILITY OF ENROLLMENT PROJECTIONS

Projections can serve as useful guides to school administrators for educational planning. Enrollment projections are more reliable in Years #1-3 in the future and less reliable in the “out-years.” Projections four to ten years out may serve as a guide to future enrollments and are useful for planning purposes, but they should be viewed as subject to change given the likelihood of potential shifts in underlying assumptions/trends, such as student migration, births as they relate to Kindergarten enrollment, and other factors.

Projections that are based upon **the children who already are in the district** (the current K-12 population only) will be the most reliable. The second level of reliability will be for those children already **born into the community but not yet old enough to be in school**. The least reliable category is the group for which an estimate must be made **to predict the number of births**, thereby adding additional uncertainty. See these three multi-colored groupings on the “Projected Enrollment” tab.

Annual updates allow for early identification of recent changes in historical trends. When the actual enrollment in a grade is significantly different (higher or lower) from the projected number, it is important (yet difficult) to determine whether this is a one-year aberration or whether a new trend may have begun. **In light of this possibility, NESDEC urges all school districts to have updated enrollment forecasts developed by NESDEC each October.** This service is available at no cost to affiliated school districts.
