I. Introduction

The Bullying Prevention and Intervention Plan (“Plan”) is a comprehensive approach to addressing bullying, cyberbullying, and retaliation. The Plan applies to all students and all school staff members, including, but not limited to, educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to an extracurricular activity, and paraprofessionals. The Principal in each building, or their designee, is responsible for the implementation and oversight of the Plan.

II. Definitions

The following definitions are provided by M. G. L. c. 71, § 37O and its implementing regulation at 603 C.M.R. 49.02:

Aggressor: perpetrator of bullying or retaliation as defined in M.G.L. c. 71, §37O.

Bullying: is the repeated use by one or more students or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that:

- i. causes physical or emotional harm to the victim or damage to the victim’s property;
- ii. places the victim in reasonable fear of harm to themselves or of damage to their property;
- iii. creates a hostile environment at school for the victim;
- iv. infringes on the rights of the victim at school; or
- v. materially and substantially disrupts the education process or the orderly operation of a school.

Cyberbullying: is bullying through the use of technology or any electronic communication, which includes, but is not limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications or postings, instant messages or facsimile communications. Cyber-bullying shall also include (i) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying. Cyber-bullying shall also include the distribution by electronic means of communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

Hostile environment: is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions of a student’s education.

Perpetrator: a student or a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional who engages in bullying or retaliation.

Principal: The administrative leader of a public school, charter school, collaborative school, or approved private day or residential school, or his or her designee for the purposes of implementing the school's bullying

prevention and intervention plan.

Retaliation: is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

School: an approved private day or residential school, collaborative school, or charter school.

School grounds: includes any property on which a school building or facility is located or property that is owned, leased or used by the Chelmsford Public Schools for a school-sponsored activity, function, program, instruction or training.

Staff: includes, but is not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff, or paraprofessionals.

Target: is a student against whom bullying, cyberbullying, or retaliation has been perpetrated.

Victim: a student against whom bullying or retaliation has been perpetrated.

III. Leadership

District and school leadership at all levels in the Chelmsford Public Schools will play a critical role in the ongoing development and implementation of the Bullying Prevention and Prevention and Intervention Plan in the context of other whole school and community efforts to promote a positive and safe school climate. Leaders have a primary role in teaching students to be civil to one another and promoting understanding of and respect for diversity and difference. Leadership also has the responsibility for setting priorities and for staying up to date with current research on ways to prevent and effectively respond to bullying. It is also the responsibility of leaders to communicate to the greater school and local community regarding the Plan.

The District will, develop, adhere to, and biennially update the Plan in consultation with teachers, school staff, professional support personnel, volunteers, administrators, community representatives, law enforcement, students, parents, and guardians. Such consultation will include, but not be limited to, notice and a public comment period.

IV. Priority Statement

The Chelmsford Public Schools maintain a respectful environment for all. As such, we are committed to providing all students with a safe learning environment that is free from bullying and retaliation, where all school community members treat one another with respect and appreciate the rich diversity in our schools. This commitment is an integral part of our district's comprehensive efforts to promote learning, eliminate all forms of bullying and other harmful behavior, and enable students to achieve their personal and academic potential and become successful members of our increasingly diverse society.

V. Data Collection

The District will annually report bullying incident data to the Department of Elementary and Secondary Education ("DESE") in the form and manner established by DESE. Reported data will include: the number of reported allegations of bullying or retaliation, the number and nature of substantiated incidents, the number of students disciplined, and any other information required by DESE. The Principal or designee will be responsible for overseeing the collection, maintenance, and reporting of such data. Additionally, at least once every four years, the District will administer the DESE student survey. The Principal or designee will be

responsible for verifying completion of the DESE student survey and will forward completed surveys to the DESE.

VI. Prohibition Against Bullying and Retaliation

Bullying and retaliation are prohibited. For the purpose of this Plan, references to bullying shall include cyber-bullying.

Acts of bullying, which include cyber-bullying, are prohibited:

- (i) On school grounds and property immediately adjacent to school grounds; at a school-sponsored or school-related activity, function or program whether on or off school grounds; at a school bus stop, on a school bus or other vehicle owned, leased or used by a school district or school; or through the use of technology or an electronic device owned, leased or used by a school district or school; and
- (ii) At a location, activity, function or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased or used by a school district or school, if the acts create a hostile environment at school for the target, infringe on their rights at school or materially and substantially disrupt the education process or the orderly operation of a school.

Retaliation against a person who reports bullying, provides information during an investigation of bullying or witnesses or has reliable information about bullying is also prohibited.

Nothing in this Plan requires the district or school to staff any non-school related activities, functions or programs.

We understand that members of certain student groups may be more vulnerable to becoming targets of bullying based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics. We will take specific steps to create a safe, supportive environment for vulnerable populations in the school community, and provide all students with the skills, knowledge, and strategies to prevent or respond to bullying, harassment, or teasing. See Appendix B and Appendix C (detailing steps taken in and outside of the classroom to address and/or prevent bullying).

Training and Professional Development

Assessing needs and resources. At least once every four years beginning with 2015-16 school year, the district will administer a Department of Elementary and Secondary-developed student survey to assess school climate and the prevalence, nature, and severity of bullying in our schools. Additionally, the school or district will annually report bullying incident data to the Department.

Annual staff training on the Plan. At the building level, annual training for all school staff on the Plan will include staff duties under the Plan, an overview of the steps that the principal or designee will follow upon receipt of a report of bullying or retaliation, and an overview of the bullying prevention curricula to be offered at all grades throughout the school or district. Staff members hired after the start of the school year are required to participate in school-based training during the school year in which they are hired.

Ongoing professional development. The goal of professional development is to establish a common understanding of tools necessary for staff to create a school climate that promotes safety, civil communication, and respect for differences. Professional development will build the skills of staff members to prevent, identify, and

respond to bullying. As required by law, the content of school-wide and district-wide professional development will be informed by research and will include information on:

- Developmentally/age-appropriate strategies to prevent bullying;
- Developmentally/age-appropriate strategies for immediate, effective interventions to stop bullying incidents;
- Information regarding the complex interaction and power differential that can take place between and among an perpetrator, victim, and witnesses to the bullying;
- Research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk for bullying in the school environment;
- Information on the incidence and nature of cyberbullying; and
- Internet safety issues as they relate to cyberbullying.

The District will provide all staff with an annual written notice of the Plan by publishing information about it, including relevant sections for staff, in the District employee handbook. The Plan will also be available on the District's website.

A key aspect of promoting positive and safe school climates is ensuring that the underlying emotional needs of targets, aggressors, families, and others are addressed by the following:

A. Some in-district Chelmsford Public School resources include:

- School Counselors
- School Nurses
- Clinical Psychologists
- Health/PE Department Head
- Peer groups
- Mentoring programs
- After school activities
- Extended Day Programs
- Second Step Liaisons
- Staff study groups

Depending on the case, these individuals can assist schools in developing safety plans for students who have been targets of bullying or retaliation, providing social skills programs to prevent bullying, and offering education and/or intervention services for students exhibiting bullying behaviors.

B. Some out-of-district resources include:

- Clinical health care agencies
- Chelmsford Police Department
- Middlesex District Attorney/Project Alliance
- Group homes
- Department of Children Services
- Private nurseries
- Crisis hotlines
- Live Smart
- Food banks
- Medical facilities
- Counseling agencies

The Chelmsford Public Schools will make referrals to these outside services when appropriate. Referrals will comply with the student records laws and regulations.

C. Students with disabilities: As required by M.G.L. c. 71 B, § 3, as amended by Chapter 92 of the Acts of 2010, when the IEP Team determines that the student has a disability that affects social skills development or the student may participate in or is vulnerable to bullying, harassment, or teasing because of their disability, the Team will consider what should be included in the IEP to develop the student's skills and proficiencies to avoid and respond to bullying, harassment, or teasing.

Academic and Non-Academic Activities

Chelmsford's beliefs are integrated into all academic and non-academic activities.

A. Specific age-appropriate bullying prevention approaches. Bullying prevention curricula will be informed by current research which, among other things, emphasizes the following approaches:

- using scripts and role plays to develop skills;
- empowering students to take action by knowing what to do when they witness other students engaged in acts of bullying or retaliation, including seeking adult assistance;
- helping students understand the dynamics of bullying and cyberbullying, including the underlying power imbalance;
- emphasizing cyber safety, including safe and appropriate use of electronic communication technologies;
- enhancing students' skills for engaging in healthy relationships and respectful communications; and
- engaging students in a safe, supportive school environment that is respectful of diversity and difference.

B. General teaching approaches that support bullying prevention efforts. The following approaches are integral to establishing a safe and supportive school environment. These underscore the importance of our bullying intervention and prevention initiatives:

- setting clear expectations for students and establishing school and classroom routines;
- creating safe school and classroom environments for all students;
- using appropriate and positive responses and reinforcement, even when students require discipline;
- using positive behavioral supports;
- encouraging adults to develop positive relationships with students;
- modeling, teaching, and rewarding pro-social, healthy, and respectful behaviors;
- using positive approaches to behavioral health, including collaborative problem-solving, conflict resolution training, teamwork, and positive behavioral supports that aid in social and emotional development;
- using the Internet safely; and
- supporting students' interest and participation in non-academic and extracurricular activities, particularly in their areas of strength.

****Please see Appendices A and B for examples of in class and in school curriculum and instruction relative to bullying prevention.**

VII. Policies and Procedures for Reporting and Responding to Bullying and Retaliation

A. Reporting bullying or retaliation.

Reports of bullying or retaliation may be made by staff, students, parents or guardians, or others, to the principal or designee, and may be oral or written. Oral reports made by or to a staff member may be recorded in writing. A

Chelmsford Public Schools' staff member is required to report immediately to the principal or designee any instance of bullying or retaliation the staff member becomes aware of or witnesses. Reports made by students, parents or guardians, or other individuals who are not school or district staff members, may be made anonymously. Any report made anonymously will be thoroughly investigated, however, a student will not be disciplined on the basis of an anonymous report. Staff may use the initial referral form. The requirement to report to the principal or designee does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school policies and procedures for behavior management and discipline.

Use of an Incident Reporting Form is not required as a condition of making a report (**See Appendix A**). The school or district will:

1. Include a copy of the Incident Reporting Form in the beginning of the year packets for students and parents or guardians;
2. Make it available in the school's main office, the counseling office, the school nurse's office, and other locations determined by the principal or designee; and
3. Post it on the school's website. The Incident Reporting Form will be made available in the most prevalent language(s) of origin of students and parents or guardians.

At the beginning of each school year, the school or district will provide the school community, including but not limited to, educators, administrators, staff, students, and parents or guardians, with written notice of its policies for reporting acts of bullying and retaliation. A description of the reporting procedures and resources, including the name and contact information of the principal or designee and information about the Plan, will be incorporated in student and staff handbooks, on the school or district website, and in information about the Plan that is made available to parents or guardians.

The school or district expects students, parents or guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the principal or designee by either submitting the Incident Report Form, orally reporting the instance, or otherwise make the principal or designee aware of the instance. Students, parents or guardians, and others may request assistance from a staff member to complete a written report. Students will be provided with practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a staff member, or with the principal or designee.

Nothing in this Plan prevents an individual from reporting to the police a crime. Nothing in this Plan prohibits an individual from exercising their responsibilities as a mandated reporter under M. G. L. c. 119, sec. 51A and nothing in this Plan shall be used to deter an individual from reporting neglect or abuse to the appropriate state agency.

B. Responding to a report of bullying or retaliation.

Upon receiving a report of bullying or retaliation, the principal or designee will consider the safety of the students.

1. Safety

Before fully investigating the allegations of bullying or retaliation, the principal or designee will consider take steps and to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents. Responses to promote safety may include, but not be limited to, creating a personal safety plan; predetermining seating arrangements for the alleged target and/or the alleged aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a "safe person" for the alleged target; and altering the alleged aggressor's schedule and access to the alleged target. Other steps to promote safety may be taken, as appropriate, if the alleged aggressor is a staff member. The principal or designee will take additional steps to

promote safety during the course of and after the investigation, as necessary. The principal or designee will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.

2. Obligations to Notify Others

Notice to Another School or District. If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the principal or designee first informed of the incident will promptly notify by telephone the principal or designee of the other school(s) of the incident so that each school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.

Notice to Law Enforcement. Prior to the first day of school, the Superintendent or designee shall communicate with the police chief or designee regarding notices of bullying. If after receiving a report of bullying or retaliation, including after an investigation, if the principal or designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor, the principal will immediately notify the local law enforcement agency. Notice will be compliant with the requirements of 603 CMR 49.00 and locally established agreements with the local law enforcement agency and consistent with DESE regulations, including that a Principal may disclose a determination of bullying or retaliation to law enforcement without consent of a student or their parent if the principal has a reasonable basis to believe that criminal charges may be pursued against the aggressor. . The Principal shall communicate with law enforcement in a manner that protects the privacy of the victim, the aggressor, and any student witnesses to the extent practicable under the circumstances. The Principal is not required to report allegations or determinations of bullying or retaliation to law enforcement if such situations can be handled appropriately within the school. In deciding whether to notify law enforcement, the Principal may consult with the school's resource officer and any other individual deemed appropriate by the Principal. Also, if an incident occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in school, the principal or designee shall contact the local law enforcement agency if he or she has a reasonable basis to believe that criminal charges may be pursued against the aggressor.

C. Investigation.

Upon receipt of a report or complaint of bullying, clarifying the allegations with the alleged target and determining that the facts as alleged, if true, would meet the statutory definition of bullying or retaliation, the principal or designee will promptly commence an investigation. The principal or designee will maintain confidentiality during the investigation to the extent practicable, and in accordance with state and federal law regarding the privacy of student records and mandated reporting.

During the investigation, the principal or designee will, among other things, interview students, staff, witnesses, parents or guardians, and others as necessary. The principal or designee (or whomever is conducting the investigation) will remind the alleged aggressor, target, and witnesses that retaliation is strictly prohibited and will result in disciplinary action.

Interviews may be conducted by the principal or designee, other staff members as determined by the principal or designee, and in consultation with the school counselor, as appropriate. The principal or designee will maintain a written record of the investigation.

Procedures for investigating reports of bullying and retaliation will be consistent with school or district policies and procedures for investigations. If necessary, the principal or designee will consult with legal counsel about the investigation.

D. Determinations.

The principal or designee will make a determination as to whether the preponderance of the evidence supports a finding that bullying occurred, and if so, what remedial action is required including any necessary responsive and/or disciplinary action. If bullying or retaliation is substantiated, the principal or designee will take reasonable steps to prevent recurrence and to restore a sense of safety to the target.

Depending upon the circumstances, the principal or designee may consult with the students' teacher(s) and/or school counselor, and the target's or aggressor's parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

1. Report of Bullying Substantiated

a. Notice to Parent/Guardian

- i. Upon the determination that bullying or retaliation occurred, the principal or designee shall promptly notify the parents or guardians of the victim and the perpetrator. Notice shall be in the primary language of the home. Notice shall include the following information: determination and actions taken to prevent further acts of bullying or retaliation.
- ii. If the bullying is substantiated, notice for the victim's parents/guardians shall include the following information about the Department of Elementary and Secondary Education Program's (DESE's) Problem Resolution System and the process for seeking assistance or filing a PRS claim: *Any parent/guardian wishing to file a claim/concern or seeking assistance outside of the district may do so with the Department of Elementary and Secondary Education Program Resolution System (PRS). That information can be found at: <http://www.doe.mass.edu/prs>, emails can be sent to compliance@doe.mass.edu or individuals can call 781-338-3700.*
- iii. Notices to parents/guardians will comply with federal and state law regarding the confidentiality of student records, and other privacy laws and regulations. To this end, the principal or designee cannot inform the target's parents/guardians about any disciplinary action taken against the aggressor, unless the information is directly related to the victim (e.g., stay away or no contact order).

b. Response

- i. Upon the principal or designee determining that bullying or retaliation has occurred, the school will use a range of responses that balance the need for accountability with the need to teach appropriate behavior. The Principal or designee will consider what adjustments, if any, are needed in the school environment to enhance the victim's sense of safety and that of others as well. One strategy that the Principal or designee may use is to increase adult supervision at transition times and in locations where bullying is known to have occurred or is likely to occur.
- ii. Skill-building strategies, and other individualized interventions that the principal or designee may consider to remediate or prevent further bullying and retaliation may include:
 - Offering individualized skill-building sessions based on the Chelmsford Public Schools anti-bullying curricula;
 - Providing relevant educational activities for individual students or groups of students, in consultation with school counselors, school social workers/adjustment counselors, or school psychologist, and other appropriate school personnel;

- Implementing a range of academic and nonacademic positive behavioral supports to help students understand pro-social ways to achieve their goals;
 - Meeting with parents and guardians to engage parental support and to reinforce the anti-bullying curricula and social skills building activities at home;
 - Adopting behavioral plans to include a focus on developing specific social skills;
 - Making a referral for to an appropriate related service provider; and/or
 - Providing counseling or referral to appropriate services for aggressors and targets, and for appropriate family members of said students, regardless of their status under the law.
- iii. Taking Disciplinary Action
- If the principal or designee decides that disciplinary action is appropriate, the disciplinary action will be determined based on the facts and findings of the investigation, including the nature of the conduct, the age of the student(s) involved, and the need to balance accountability with the teaching of appropriate behavior. Discipline will be consistent with the Plan and the District's code of conduct.
 - Discipline procedures for students with disabilities are governed by the federal Individuals with Disabilities Education Act (IDEA), which should be read in conjunction with state laws regarding student discipline.
 - Discipline procedures for staff members will be referred to the Human Resources Department consistent with applicable policies and procedures.

2. Report of Bullying Unsubstantiated

- a. If the principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, that student shall be subject to disciplinary action.
- b. Promoting Safety: The principal or designee will still consider what adjustments, if any, are needed in the school environment to enhance the alleged target's sense of safety and that of others as well.

****Please see Appendix C for school level rubrics for responses to bullying. The rubrics are based on the work of Stan Davis, author of Schools Where Everyone Belongs.**

VIII. Collaboration with Families

- 1. Parent education and resources.** The school or district will offer education programs for parents and guardians that are focused on the parental components of the anti-bullying curricula and any social competency curricula used by the district or school. The programs will be offered in collaboration with the PTOs, School Councils, Special Education Parent Advisory Council, or similar organizations.
- 2. Notification requirements.** Each year the school or district will inform parents or guardians of enrolled students about the anti-bullying curricula that are being used. This notice will include information about the dynamics of bullying, including cyberbullying and online safety. The school or district will send parents written notice each year about the student-related sections of the Plan and the school's or district's Internet safety policy. All notices and information made available to parents or guardians will be in hard copy and electronic formats and will be available in the language(s) most prevalent among parents or guardians. The school or district will post the Plan and related information on its website.

IX. Relationship to Other Laws

Consistent with state and federal laws, and the policies of the Chelmsford Public Schools, does not discriminate or harass, or tolerate discrimination against or harassment of, students, parents, employees, or the general public on the basis of race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, age, immigration status, ethnic background, ancestry, academic status, pregnancy or parenting status, genetic information, gender identity or expression, physical appearance, sexual orientation, or disability, or by any category protected by state or federal law, or by association with a person who has or is perceived to have one or more of these characteristics. Nothing in the Plan prevents characteristics. Nothing in the Plan prevents the District from taking action to remediate discrimination or harassment based on a person's membership in a legally protected category under local, state, or federal law, or school or district policies. If the alleged conduct is on the basis of a protected class (i.e., race, gender, disability, etc.) e, the alleged conduct should be addressed in a manner consistent with the District's Discrimination and Harassment Grievance Procedures.

In addition, nothing in the Bullying Prevention and Intervention Plan is designed or intended to limit the authority of the District to take disciplinary action or other action under M.G.L. c. 71, §§ 37H, 37H½, or 37H¾, or other applicable laws, or school or District policies.

CASEL Core Competency Skills: Self-Awareness, Self-Management, Social-Awareness, Relationships Skills, and Responsible Decision Making.</i>
7	The 7th grade Health Curriculum continues with the Second Step philosophy which enables students to learn about and discuss the different forms of harassment and how to make positive decisions regarding conflict. We also have a comprehensive program for internet safety and cyber bullying. That program is the research-based program NetSmartz. This program helps the students to see how dangerous and hurtful putting information on the internet can be. They also learn the proper channels to take to report such bullying.
8	The 8th grade Health Curriculum deals with the different types of relationships that students engage in. They learn the warning signs of destructive behaviors (bullying, dating violence, etc.) and how to resolve these conflicts through the proper channels
9	HEALTH CLASSES: LIFE MANAGEMENT SKILLS is a required course for Chelmsford High School freshman. The course is outlined by themes implementing the three areas of the health triangle which incorporates building personal physical wellness, mental wellness and social wellness. This course uses the “Bullying Continuum” four-day lesson plan to build knowledge of the definitions of bullying,

	aggressor, bystander etc., the initial impact on the victim, and the link between the long-term impact, self-medication, depression and suicide. Students are given the opportunity to express their thoughts and ideas through writing, open discussion and teamwork. The entire Life Management Skills curriculum reinforces the objectives of these lessons throughout the semester by empowering students with the tools necessary to personally LIVE SMART physically, mentally and socially.
10-12	<p>HEALTH CLASSES: During these years, the students are offered a variety of electives that support the current Mass State Frameworks. These classes also support the issues that teens are facing today especially bullying and how to handle themselves and help others during these times. The courses that are offered are Reality Check and The Power of Choice Check.</p> <p>Reality Check is an elective for junior and senior students at Chelmsford High School. The course is outlined by themes implementing the three areas of the health triangle which incorporates building personal physical wellness, mental wellness, and social wellness. This course uses the “Words that Hurt” two-day lesson plan to define bully, aggressor, bystander etc. It was updated to fit the current state and district guidelines. Students openly identify prevalent use of hurtful words and phrases used at Chelmsford High School, through text messaging and social networking sites. They use a discussion protocol to listen as others share the impact they have witnessed, heard of and personally felt. Students work together to create personal challenges and challenges within their peer group to break down the communication barriers to allow for reflection of the serious impact such behavior can have on the individuals, groups of students, and the school community as a whole. The entire Reality Check curriculum reinforces the objectives of these lessons throughout the semester by empowering students with the tools necessary to personally LIVE SMART physically, mentally, and socially.</p>
9	FRESHMAN LITERATURE: Throughout the ninth-grade year, the English department uses its curriculum as a lens for students to understand themselves and their role in the world. A major focus of this role is their interactions with those around them. Naturally, this is a great way to incorporate bullying prevention by scaffolding the concepts that contribute to bullying and exploring them through literature and then connecting them to the students’ lives. Attached is a very brief overview of what is taught in 9 th grade literature.
10-12	SOCIOLOGY & PSYCHOLOGY: During these classes, students learn and discuss the internal and external factors as to why people are aggressors. Also, during this class, they are taught about the different social interactions and how they can know the differences between them. Throughout this course curriculum the students learn to deal with the social stigmas attached to these factors and interactions. Attached is a very brief overview of what is taught during this class
9-10	MEDIA and LITERACY: Exploring how media and communication tools shape our relationship to society, each other, and ourselves...what that means for 21st century learners and activists...and what we can do about it. As a part of our study of media literacy, students are exposed to the positive and negative aspects of the World Wide Web and social media. Students will learn the constructive intent of these media, as well as how to deconstruct them for thorough knowledge. One additional goal will be to instruct students on creating positive digital footprints.

**Denotes specific lessons dedicated to creating a safe, supportive environment for vulnerable populations in the school community and to provide all students with the skills, knowledge and strategies needed to prevent or respond to bullying or harassment.*

In School Curriculum and Instruction Relative to Bullying - Below is an account of what has been done outside of the classroom to address bullying (e.g., assemblies, study groups, speakers, workshops, etc.)

Grade	Brief Description of Activity
K-4	Full time Guidance Counselor in every elementary school to support Second Step. Guidance Counselors support classroom teachers with trainings, make connections with literature and teach classroom and small group guidance lessons utilizing the Super flex curriculum. Grade level meetings and assemblies address bullying; reinforce Second Step principles and positive social interaction skills. Other activities include bulletin board displays promoting pro-social values, school improvement goals that relate to emotional and social well-being, study groups and book groups, codes of conduct and a rubric that clearly defines bullying and the associated consequences. Students are consistently reminded of bus rules and expectations, cafeteria, recess and playground rules. School council parent discussions related to school improvement plan goals, specialists using Second Step problem solving strategies and vocabulary, PSP and IPSP Training in Second Step, and new teacher training at elementary level also occur.
5-8	Both Middle Schools have study groups pertaining to bullying and bullying prevention. These groups have been working to inform not only staff, but students and parents as well, of all aspects of bullying and prevention. Grade level meetings and assemblies address bullying and reinforce Second Step principles and positive social interaction skills. For example, both schools have worked closely with MARC (Massachusetts Aggression Reduction Center), based out of Bridgewater State University, to provide age-appropriate information to students and staff. Also, the middle schools have after school groups such as Live Smart which supports students in their ability to make positive decisions and reinforce the importance of a healthy lifestyle. Both middle schools participate in a Live Smart week, where each discipline in the school addresses a theme that is introduced each day and integrated into lessons. Other avenues include school improvement goals that relate to emotional and social well-being, book groups, student codes of conduct, and a rubric that clearly defines bullying and the associated consequences.
5-8	Guidance Counselors are supporters of the Second Step programs. The guidance counselors also go into classrooms to support the information that the Anti-Bullying groups, at each school, have established.
